

Don't forget to read your Accelerated Reader book, practise your weekly spelling words and weekly three progressions on Maths Whizz.

- Science**
- Imagine two animals from different species reproduced. What would their offspring look like? Which features would it inherit? Draw a diagram and label your ideas.
 - What did children wear during the Georgian period? Design an outfit for a Georgian peasant child, and a Georgian child prince or princess. How are the fabrics and cuts different to what children wear today?
 - Create your own historical timeline at home. If you could only choose 10 events to put on it from the beginning of time until now, which would you choose?
- Topic**

Home Learning at Halley House School

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for literacy and topic. This half term we have included a little bit of science. You should choose to complete at least one of the activities from each of the three areas but you can choose to do more. These pieces should be handed to the teacher any time before the date given inside the booklet.

This is a great opportunity for the children to show off their creative and artistic skills and create something spectacular.

Children will be using the child friendly search engine – www.kidrex.org (the perfect website for use at home with homework and more)

Imagine your own gruesome science experiment. Write a step by step guide so that another scientist can follow your instructions and get the same results as you.

- Write your own science-fiction story, based on an invention gone horribly wrong! Bonus points if your story poses an ethical question.
- Write your own AR style 10 question quiz for 'Frankenstein'. Each question should have 4 multiple choice answers.
- What would have happened if Victor's experiments had never worked? Would he have created something else? Would he have given up? Use what you know about Victor to write an alternative ending.

Literacy

Year 5 home learning is due to be completed by Monday 6th February. Please remember that you should complete at least two pieces of home learning from the passport.
