

Communication

This half term the children will begin to remember key parts of a story.

They will also talk about a range of familiar and popular stories, that we all know and love, and adapt these to make their own.

Expressive Arts

The children will begin to join different materials and explore different textures.

This will be done through a range of both adult led and child initiated activities, so that the children can develop their own ideas freely.

Understanding the World

This half term the children will be learning about different festivals and celebrations, including Halloween, Bonfire night, Diwali and Black History Month. We will also be exploring how different families celebrate Christmas.

Please Remember...

To read to your child daily.

To encourage independence, such as using cutlery and putting on their own coats and shoes.

Space

Literacy

This half term the children will begin to use their print and letter knowledge in their own early writing.

We will continue to make marks using a range of resources and start playing listening games to support the development of our reading skills.

Mathematics

Through a range of songs, games and other fun activities, the children will be learning how to recite numbers past 5.

We will begin to make our own patterns in as many creative ways that we can think of!

Physical Development

The children will become increasingly confident in using a comfortable grip with good control when holding pens and pencils.

Personal Development

This half term the children will be introduced to a second of our school values and think about why they are important.

At this time the children will start remembering core rules without the need of an adult to remind them.

How can you help me at home?

Please continue to read to your child daily at home.

Support your child to make marks and support name writing.

Please talk to child about what they have been learning at nursery.

Can you both name all the planets?
